Office—Temple, Main and New High

MEXICO is again threatened with anarchy.

THERE is a new daily paper up in San Bernardino, called the Courier. It is Democratic in politics and howls like a very Dervish.

THE long unsettled question where the grapevine twineth, is at last settled. It twineth in the dispatches of an upstart "metropolitan" paper.

THE deer season up in Washington Territory seems to be bringing down a good many excellent men. Another fell yesterday at Spokane Falls.

WILLIAM C. HENDRICKS, the Democratic candidate for Secretary of State, and who will doubtless get there Eli, is a nephew of the Democratic statesman, Thomas A Hendricks.

From the reports of the speeches of J. D. Lynch his principal arguments are vindications of Swift and Vandever. Mud-throwing will make no votes in this county.—[Santa Barbara Press.

People who live in mud houses had better not sling mud, Bre'r. Lynch.

THE anniversary of the battle of Allatoona Pass, Georgia, the incidents in which suggested the hymn of "Hold the Fort," was celebrated at Janesville, Wis., on the 5th inst., by the Twelfth Wisconsin Battery. The veterans proved that they were "coming," and they "got there" in large numbers.

THE Censor acquits itself of a very sensible little "preach" in the following:

"The ticket should be composed of men for whom every patriotic member of the party can consistently and conscientiously vote, and then there will be no disturbance about the straight ticket. The most really disloyal member of a party is the one who puts an unworthy candidate on the ticket, and the next disloyalist is the one who says such a one must receive the support of his party. The ticket should have no one on it whose record can be successfully assailed."

MOTHER SCHWARTZ, the "terror," has returned to Los Angeles and has joined the army of attack against John F. Swift. Like Brer Holt, of Riverside, she proposes to use "every weapon in her power" against the man whom Fate and the Republican party have chosen. Mother Schwartz wished to charter a column and a half in the TIMES for her attack on the standard bearer, but as her hieroglyphics were entirely unintelligible, our readers must forego the revelation. Evidently writing is not one of the weapons in Mother Schwartz's power.

THE San Francisco Argonaut, although bracing up the crank Native American party and negatively opposing the Republican ticket, has still the element of candor left. It says of Mr. Swift, that no man in California can better endure inquiry into his life's activities. It pronounces him a pure man in private and social life, scrupulously honest in all transactions with his fellow-men. It emphasizes its statement that he obtained his nomination honorably, and that he is thoroughly equipped for the duties of the office to which he aspires. After thirty years' residence in California, with his honor and integrity unquestioned, he has now become the target for unscrupulous assaults from the Democratic press.

MR. SWIFT, in his speech at Sacramento on Saturday night, made an admission which ought not to escape the attention of our esteemed Democratic contemporaries. The Republican candidate for Governor brazenly confessed that he had done a poor woman out of a board bill. Thirty-four years ago Swift —"Swift, the tinker"—arrived in Sacramento. The shameless avowal of what followed is given in his own words:

I went to Mr. Gillig, who loaned me $5, loaned me tools and set me to work at my trade, which I followed till the November fire destroyed your city and burned one of my two shirts which I then possessed, the other escaping upon my back. The landlady with whom I was boarding I never saw after the fire, and I believe I owe her for half a week's board. I would have paid her—upon my honor I looked for her—and I will pay her now, with legal interest, if she will make herself known. That, I believe, is the only debt I owe in the world.

This is worse than the mother-in-law murdering story.

### DR. O'DONNEL.

**The Woodlum Coroner on Jones's Stump.**

The blatherskite, C. O. O'Donnell, self-imposed candidate for Governor, orated to a considerable crowd from Captain Jones's private stand on the corner of the Court-house steps last evening. The crowd was greatly amused, and laughed at the Doctor rather more than it laughed with him. Such a flow of billingsgate as the great and only leper-exhibitor acquitted himself of is rarely listened to. One of his characteristic utterances was, "The Democrats and Republicans have nominated two of the biggest dam secun-drels that ever went unhung. You've got to go to hell with these men or you've got to go to heaven with me. Which shall it be—to hell with Bartlett or Swift, or to heaven with C. O. O'Donnell?" [Great laughter and applause.] The Doctor referred in honeyed accents to "Old" Swift, "Old" Bartlett or "Hog" Higgins, and denounced everybody except O'Donnell as a dam' scoundrel and Chinese lover. The Doctor claimed that he had a dead sure thing on his election and was bound to be the next Governor of the State. He claimed that he already had a mortgage on 95,000 out of the 225,000 voters of the State. The Doctor spoke in choicest Tar Flat until half past 9 o'clock, and then distributed a lot of papers.

**Entertaining the New Pastor.**

Rev. Howard R. Brainerd and wife arrived from Boston yesterday morning. They will be guests of Mr. and Mrs. Charles R. Day for a few days. Mr. Brainerd will assume pastoral charge of Park Congregational Church of this city. A reception will be tendered the new pastor at the church this evening, at 7:30 o'clock, when Mr. Brainerd will be introduced to the congregation and to which all interested in the church are cordially invited.

## AN INUNDATION.

### Later Accounts of the Flood at Sabine Pass.

### ENTIRE FAMILIES REPORTED DROWNED.

**Sad Stories Told by Some of the Survivors —Immense Damage to Crops in Texas and Louisiana.**

*Associated Press Dispatches to the Times.*

GALVESTON, Tex., Oct. 14.—The town of Sabine Pass, at the mouth of the Sabine river, the dividing line between Louisiana and Texas, is reported entirely washed away by the terrific storm of Tuesday night. Over fifty lives are reported lost out of a total population of two hundred. Telegraphic communication with all points outside of Texas was nearly suspended last night, owing to storms in Louisiana, Arkansas and Indian Territory.

A TERRIBLE NARRATIVE.

The following account of the great disaster at Sabine Pass was telegraphed last night to Houston:

BEAUMONT, Tex., Oct. 14.—Our town is in a state of intense excitement at news just received from Sabine Pass. It is news of terrible loss of life and destruction of property in that place, from high water. We have now no telephone communication with the Pass, the wires all being down, but an engine arrived here to night, over the East Texas Railway, that left there about 6 o'clock. Two citizens, who rowed in a small boat across an expanse of tossing waters, a distance of several miles from the town of Sabine, to the railroad track, came in on the engine, and gave a heartrending account of affairs there. They say that the waters began to invade the town from the gulf and lake together, about 2 o'clock Tuesday afternoon, and rose with unprecedent rapidity. The citizens of the doomed place did not realize their imminent danger until it was too late to escape. When safety by flight was recognized as being out of question, people who were situated so that they could do so, betook themselves to houses and resorts adjudged to be the safest. The water kept rising and between 4 and 9 o'clock the smaller houses began to yield to the resistless force of the waves, and not only moved from their foundations but turned on their sides and tops. A little later large houses began to give way, and death by drowning seemed inevitable for every citizen of the place.

WHOLE FAMILIES DROWNED.

With the yielding of the smaller houses several persons who had remained in them were drowned, and when the residences and business places began to crumble the fatality began to double. The list of those known to be drowned comprises over fifty human being, among them some of the leading families of the place. There are others missing, and many of them doubtless drowned without any one now living knowing anything of it. It is feared the whole families in different parts of the place have been swept away without leaving a vestige to indicate their horrible fate. On receipt of this news the citizens of Beaumont immediately began preparations for relief. The East Texas Railroad placed an engine at their disposal, and a party of men have gone to Orange to carry the news there and procure boats and start for the scene. The damage to property at Sabine has been very great. The wharves of the town were owned by New York capitalists who also own the adjoining lands, and were aiming to make Sabine Pass an important point on the gulf coast.

THE STORY OF TWO SURVIVORS.

NEW ORLEANS, Oct. 14.—A special from Orange, Tex., to the Picayune says: Details of the destruction by storm at Sabine Pass, Tex., and Johnson's Bayou, La., come in slowly, and are yet indefinite though they all agree that there has been great loss of life and property. Two brothers named Pomeroy, who were picked up by the schooner Andrew Baden in Sabine Lake, say that they had been in the water thirty-six hours, clinging to their capsized yawl. Their mother and sister and Mrs. Capt. Junker, her son, and a little girl of the party were lost. The Pomeroys report that fifty lives were lost at the Porter House where the people had collected as the best place of safety. It went to pieces at 9 o'clock. Many persons are missing.

LOSS OF LIFE AT JOHNSON'S BAYOU.

A still greater loss is reported from Johnson's Bayou. Whole families were swept away. Not a house was left standing within five miles of the lake. Parties were organized last night and left on the steamers Lamar and Emily P. with provisions and bedding. They are expected back to-night, when further particulars will be obtained.

WIDE-SPREAD RUIN.

NEW ORLEANS, Oct. 14.—The Times-Democrat's Lake Charles (La.) special says: The loss to property along the Cameron Parish gulf coast and for some distance west of Sabine Pass, by the storm of Tuesday night, was fearful. The Mail boat from Cameron parish reports that the water at Calcasieu Pass was eight feet deep at the lighthouse, and that the entire country, east and west, was submerged, on Tuesday night, drowning thousands of cattle and ruining crops. No lives were lost at Leesburg or Calcasieu Pass, but the following are reported lost at Johnson's Bayou, La.: entire families of Alfred Lambert, Marion Lukes, George Striever, L. Charles Blanket, Radford Grry, and two families by the name of Transeware, besides many others whose names have not been ascertained.

NEW ORLEANS, Oct. 14.—A special to the Picayune from Beaumont says: Sabine Pass has been nearly destroyed. About [illegible]-seven whites and thirty Negroes were drowned. The wires are down. Searching parties have gone out, and will return to-morrow, until which time nothing further can be learned.

THE CAUSE OF THE DISASTER.

GALVESTON, Oct. 14.—The village of Sabine Pass is located at the mouth of Sabine river, within half a mile of the extreme point jutting from the Texas side. The town lies only four feet above the mean tide mark, and is bounded by a great swamp on the west and Lake Sabine on the north. The entrance to Lake Sabine is a mile and a half above the town. The lake is fifteen miles long by ten miles in width, with an average depth of seven feet, which is always maintained by a huge volume of water pouring into the basin from two navigable rivers, the Neches and Sabine. It was this lake, according to the most experienced navigators on this coast, that destroyed the town. The hurricane of last Sunday in the West Indies blew the waters with great violence toward the Texas coast. This hurricane wave was first noticed on the coast Sunday morning attaining its maximum on Tuesday morning, and was maintained at high points by the impetus of the waters behind. The hurricane itself did not reach this coast at all, as scarcely a breath of wind was stirring when the tidal wave first touched the coast. When its maximum was reached on Tuesday, however, a fierce northwestern gale sprang up along the whole coast, and as Sabine Pass the gale blew the waters out of Lake Sabine and drove them toward the gulf where the lake waters were met by the great swell caused by the hurricane. This resulted in driving the lake waters over into the little town and submerging the country for ten miles around without a moment's notice. The account of the disaster is confirmed by our experience here with the same gale, and all information from Sabine also confirms the above theory.

### SAN FRANCISCO.

**The Notorious Mrs. Kerrigan Causes Another Scene in Court.**

SAN FRANCISCO, Oct. 14.—Mrs. Theresa Kerrigan, who by her troublesome behavior during the course of her trial on the charge of assault to murder Mrs. Lathrop, has caused several postponements of the case, capped the climax by becoming unconscious in the court-room to-day. It was found that she was suffering from the effects of a heavy dose of opium. The case was postponed and the woman removed to the receiving hospital, where the administration of emetics saved her life.

It has been ascertained that Mrs. Kerrigan took opium pills with suicidal intent.

BOUND TO BE RECOGNIZED.

The United Labor party have sued out writs to secure precinct representation on the election boards, claiming that under the legislative act approved March 18, 1878, representation should be divided among the political parties. Attorney General Marshall has brought suit in the Superior Court in behalf of the State against the registration board of the First precinct of the Twenty-ninth District as a test case. Similar proceedings against officers in all other precincts of the city will be brought.

A LIBEL SUIT.

Andrew J. Piercy has brought suit in the Superior Court to recover $50,000 damages from William Dunphy for alleged libel. The complaint sets forth that plaintiff and his brother, Edward, petitioned for letters of administration upon the estate of their father, John C. Piercy, deceased, and subsequently defendant made a similar application, and that in his petition defendant made false accusations against plaintiff and his brother regarding their reputation.

### THE DUNNOTTER CASTLE.

**Further Particulars of Her Loss in the Pacific Ocean.**

SAN FRANCISCO, Oct. 14.—The steamer Wilmington which arrived to-night from Honolulu, brings additional particulars regarding the shipwrecked crew of the ship Dunnotter Castle, which became a total loss in the ocean near Cure island July 15th. There also arrived on her as passengers the mate of the Dunnotter Castle and three of her crew, who made a fifty-two days' voyage in an open boat from Cure island to the Sandwich islands in order to obtain aid for their companions, twenty-two in number, who remained on Cure island. It is learned that the steamer Walleale, which was fitted out under the joint auspices of the Hawaiian government and Major J. H. Wodehouse, the British Commissioner, left Honolulu September 14th, and arrived at the scene of the wreck September 20th. A bottle was found on the island which contained a note dated August 18th. It stated that the men of the Dunnotter Castle, after being on the island thirty-three days, were taken off by the ship Birnamwood of St. Johns, N. B., bound from Hong Kong to Valparaiso, and that they expected to be landed at the latter place. The note was signed "E. A. Martin, master of the ship Dunnotter Castle." Before the Walleale started on her return Col. James H. Boyd, special commissioner of the Hawaiian government, took possession of the island in the name of his government and planted the Hawaiian flag there. The Walleale arrived at Honolulu again September 29th.

### VERMONT'S LITTLE BILL.

**What the State Claims for Helping Defend the Union.**

WASHINGTON, Oct. 14.—Third Auditor Williams has written a letter to the Secretary of the Treasury, in which he says that, under the act to indemnify States for expenses incurred by them in defense of the Union during the late war, Vermont, at various times, has filed claims aggregating $924,735, of which $857,845 has been paid, leaving a balance of $66,890, which the State is now asking to have paid; that he (the Third Auditor) finds, upon examination, that there are certain credits, which reduce the indebtedness to a net balance of $643,780, in favor of the Government; that in 1865, while the sum was actually due from the United States, the State of Vermont received under the act of Congress $16,464 for the cost of defending the frontier from invasion from Canada in 1864; and finally the Third Auditor says that he is informed that the State of Vermont sold the arms and equipments furnished it for $170,000, which was put into the State treasury. The Auditor concludes by calling the Secretary's attention to the fact that the Vermont Legislature is now in session, and that pending such action as the Secretary may see fit to take in the premises he claim of the State of Vermont will be held suspended.

### THE CHICAGO STRIKE.

**More Men Ordered Out—The Boycott Threatened.**

CHICAGO, Oct. 14.—At a meeting to night of District Assembly No. 57, Knights of Labor, it was decided to order out to-morrow all the employés of Armour & Co.'s beef cannery. This move will add several thousand men to those already out, and will make the strike general, at least so far as Armour's establishments are concerned. At mid night the members of District Assembly No. 57 were still in session. T. P. Barry, who was one of the two delegates sent here by the Richmond convention, with authority to settle the strike, says he will probably leave for Richmond to-morrow night. He says he has arrived at the conclusion that the packers are merely playing for time. He broadly intimates that his mission in Richmond will be to institute, if possible, a boycott against Armour, who, he is convinced, is alone in the way of an amicable settlement of the stockyard troubles.

**The Latonia Races.**

CINCINNATI, Oct. 14.—At the seventh day of the Latonia Jockey Club's fall meeting the weather was windy and the track heavy from rain last night. The attendance was fair.

RICHMOND, Va., Oct. 14.—The Executive Board of the Knights of Labor this morning decided to send $5,000 each to the locked out cotton workers at Augusta, Ga., the curriers and tanners, Salem and Peabody, Mass., and the plumbers in New York. More will be sent when needed.

The Knights of Labor General Assembly to-day elected the following members of the Executive Board: Thos. B. Barry, John W. Hayes, Wm. Bailey.

The remaining ballots for members of the General Executive Board resulted in the election of the following: A. A. Carleton, F. B. McGuire and Jos H. Ayleworth. The assembly then adjourned until to-morrow morning when the election of general officers will be concluded.

## THE WIND'S WORK.

### Western Cities Swept by a Great Gale

**REPORTS OF WIDESPREAD DISASTER.**

**A Portion of Buffalo Submerged—The Storm's Ravages at Fort Wayne and Chicago.**

*Associated Press Dispatches to Times.*

CINCINNATI, Oct. 14.—A dispatch from Fort Wayne, Ind., states that a terrific gale from the south passed over that city this afternoon, and at 2 o'clock raged in full force. The Odd Fellows' temple, Cutilvre's brewery, Stokes's bottling works and Adams express office, together with some of the principal business buildings, were unroofed. Shortly before 2 o'clock fire broke out in the outskirts of the city, and at the time the dispatch was sent, about 2 p. m., five frame dwellings were in flames, with the gale spreading the conflagration.

THE STORM AT CHICAGO.

CHICAGO, Oct. 14.—A heavy wind and rain-storm passed over this city this morning, wrecking numerous signs, demolishing two buildings and doing great damage in Douglas, Deerfield and Humboldt Parks.

GREAT DAMAGE AT BUFFALO.

BUFFALO, N. Y., Oct. 14.—A terrific gale, accompanied by rain, set in here this afternoon, and continues, with increased fury. At midnight, the wind is blowing sixty-five miles per hour. The "island" inhabited by squatters is flooded, and the waters are pouring huge waves over it. Twenty-nine houses have been totally destroyed, and over 100 persons are homeless. The people are moving their household effects to the mainland. Offers were sent to rescue the family of Charles Lambert. Lambert was saved, but his wife and daughter were drowned. Several others are reported missing. The basements of houses on Canal street are flooded and the inmates are taking refuge in the upper floors. The roof of the Western Transportation house was blown off, causing a blockade of the Lackawanna track, Michigan and Main streets are flooded 700 feet from the dock. Ohio street is completely flooded. All the lumber yards on the "island" are wrecked. The damage to shipping is very great. Barges are floating over Evans's dock and a number are reported smashed. This evening the rear wall of the new Music Hall went down with a crash. No one was injured.

### HIS LAST RESTING PLACE.

**The Remains of Chief Justice Chase Interred in Ohio.**

CINCINNATI, O., Oct. 14.—The remains of Chief Justice Chase were interred in Spring Grove cemetery this morning, with very impressive services. Arriving at Music Hall, the casket was borne down the center aisle and placed on two columns resting on a platform in front of the center of the stage, and seven colored pall bearers sat down on either side of the remains as a guard of honor. As Mrs. Katharine Chase Sprague, with the party in company with her, entered the hall and passed down the aisle, the great organ sounded a funeral composition. At its conclusion Hon. Benjamin Butterworth made a brief address transferring the remains to the State of Ohio, and closing by committing to Gov. Foraker the casket containing all that remained of the distinguished citizen of Ohio.

Gov. Foraker, in accepting the sacred trust for the State, said that the entire State of Ohio felt honored by this day's proceeding. The Governor then paid a tribute to the memory of the dead jurist. Prayer was then offered by Rev. John Hall of New York, and after a benediction the remains were carried to Spring Grove cemetery, where they were committed to rest in the family lot.

### PRAIRIE FIRES.

**An Immense Area in Indian Territory Burned over.**

ST. LOUIS, Oct. 14:—A special from Sherman, Tex., says: Late advices from Indian Territory state that the most extensive and destructive fires ever known in that Territory are sweeping over the prairies. Millions of acres of rich grazing lands, which, a few days ago, were covered with a luxuriant growth of grass, are now bare, charred wastes. The country burned over extends from from Vinita, on the north, to Muscogee, on the south, and on either side of the Missouri, Kansas and Texas Railroad as far as the eye can see. Large numbers of cattle have been burned to death, and immense quantities of hay, which was to have been used for fooder during the winter, have been destroyed, and cattlemen will be obliged to drive their herds elsewhere, to save them from starvation. An investigation as to the origin of the fire is to be made by the Vinita Indian agent.

### A TOWN IN FLAMES.

**Another Great Fire Sweeps over Eastport, Me.**

EASTPORT, ME., Oct. 14.—Fire broke out this afternoon and is still raging. The Passamaquoddy Hotel has just caught fire. The wind is blowing fresh from the southeast, and there are no hopes of preventing the fire from sweeping the whole of Water street. The greatest excitement prevails. Merchants are all moving their goods out of their stores. There is no fire apparatus in town except two hand engines. A year ago the town was destroyed by fire. The telegraph poles are burning, and the telegraph office has been abandoned on account of the near approach of the flames, and all telegraph communication is stopped for the present.

**An Embezzler Arrested.**

CLEVELAND, O., Oct. 14.—Last Monday a well-dressed man, about forty years old, accompanied by his wife, arrived at Silverthorn's, a suburban hotel at Rock River, six miles from Cleveland. To-day Pinkerton placed the man under arrest, and at 2 o'clock this morning left on the Lake Shore road with him bound for Chicago. The man proved to be J. F. J. Bradley, defaulting manager of the Pullman Sleeping Car Company, who disappeared last July, after having embezzled $35,000 from the company. Bradley formerly had charge of the Pullman interest at Chicago and Detroit.

**Bad for Beer-drinkers.**

SAN FRANCISCO, Oct. 14.—A special from Detroit says: Detroit has a large beer-drinking population that is worried as it never was before. A strike in one of the breweries has spread and become a lockout, and now not a brewery in the city is running. No beer is being delivered except a few kegs by proprietors or their sons, and none will be shipped from other cities on account of an agreement of the National Brewers' Association to the effect that in case of labor troubles in any city no beer will be shipped to that city until the troubles are over.

**The Glendale Sale of Trotters.**

LOUISVILLE, Oct. 14.—The Glendale sale of blooded trotters was continued today. The attendance was fair and the bidding brisk. Fifty-six head were sold for $94,050, averaging $1677 per head. The following are some of the more important sales: Mora Wilkes, $9000, to F. D. Stout of Dubuque, Iowa; Mairton, $4000, to McKenzie & Gregg, of Terre Haute, Ind.; Maggie Wilkes, $3500 to J. B. Schultz of Brooklyn; Miles, $2500, to J. L. Case of Racine, Wis.; Harold, $2500 to Devin Le Favre of New Rochelle, Ind.

### GREAT BRITAIN.

**The Police Apprehensive of More Dynamite Outrages.**

NEW YORK, Oct. 14.—The Times' London cablegram says: There is little doubt that the police expect a renewal of dynamite or Anarchist outrages in London shortly. Sir Charles Warren, Chief of Police, has matured a plan for guarding public buildings, which is likely to prove infinitely more effective than Henderson's clumsey attempts a few years ago. Under the new plan the bulk of the guarders are dressed in plain clothes, and a special code is supplied to each one of the constables, instructing him how to act in case of emergency. The guarders are forbidden to leave their posts under any pretense, the ordinary police patrols attending to fires, accidents, etc.

THE NEWMARKET RACES.

LONDON, Oct. 14.—This was the fourth day of the Newmarket second October meeting. The Champion stakes were won by the Duke of Westminster's three-year-old colt Ormonde; Mr. Winton's three-year-old colt Oberon second; Prince Soltykoff's three-year-old filly, Argonavis, third.

Her Majesty's plate was won by Maj. Bruce's five-year-old horse, St. Gatien; Mr. Viner's four-year-old filly Stone Clink, second; G. Lambert's three-year-old colt Chelsea, third. There were six starters. St. Gatien won by three lengths.

THREATENED MINERS' LOCKOUT.

LONDON, Oct. 14.—The coal mine owners of Fifeshire, Scotland, refuse to concede the demands of the miners for an increase of 10 per cent. in wages. The owners throughout Scotland are in favor of a general lockout unless the men abate their demand. Thirty-five thousand miners would be involved in such a lockout.

### VICTIMS OF A FORGER.

**A Confidential Clerk's Crime Wrecks two Firms.**

CINCINNATI, Oct. 14.—Two heavy failures occurred here within four hours to-day, on account of the defalcation of one man. The first firm to go under was that of Jacob Weller & Co., wholesale dealers in peanuts and pickles. A rough estimate of the liabilities places them at $100,000. It is claimed that the assets will nearly reach this amount. The cause of the failure was the forgery, by their confidential clerk, E. M. Doll, of many thousand dollars of warehouse receipts. Doll has fled to Canada, and has written a confession to the firm, but does not state what his shortage is. Four hours later the announcement of the failure of Skaats, Edwards & Co., another peanut commission firm, at 85 Water street, was made. They hold about $30,000 worth of Weller's paper, and their liabilities will probably be $60,000.

**Hewitt Accepts Conditionally.**

NEW YORK, Oct. 14.—Abram S. Hewitt has agreed to accept the Tammany nomination for Mayor, and has written a letter announcing the fact. Hewitt stipulates, however, that the balance of the ticket shall be satisfactory to him.

NEW YORK, Oct. 14.—The County Democracy organization to-night held its county convention, and Tammany's nomination of Hon. Abram S. Hewitt for Mayor was indorsed.

The Committee of One Hundred to-night nominated Theodore Roosevelt for Mayor.

**Sunk by a Collision.**

CLEVELAND, O., Oct. 14.—A report was received here this morning by M. A. Bradley & Co., owners of the Propeller Saleh Chamberlain, stating that the vessel was sunk in a collision with the New York Central line boat, six miles east of Sheboygan, Wis., last night and that four deck hands and the second engineer, whose names are not known, were lost.

**Arizona Mining Suits Decided.**

PHŒNIX, A. T., Oct. 14.—The long-contested mining suits of the Phœnix Mining Company vs. S. F. Mack, and Seymour vs. S. F. Mack, involving title to a valuable group of mines in the Cave Creek district, was finally decided against Mack to-day. This ends the case, and will inaugurate a new era in mining circles here.

**During Bank Robbery.**

ST. PAUL, Minn., Oct. 14.—An Ashland, (Wis.) special says: About 10 o'clock this morning two unknown men entered Nillworth's bank, and at the muzzle of a revolver compelled President Nillworth to give them the contents of the safe amounting to $4000. The robbers escaped. An armed posse is in hot pursuit.

**Another "Mistaken for a Deer" Case.**

SPOKANE FALLS, W. T., Oct. 14.—James Fannon, a farmer, aged sixty, was mistaken for a deer, by James Gibson, and killed. Both men were hunting together, near Colville. This is the sixth fatal accident of this character in Washington Territory within the past month.

**Stole Fifteen Horses.**

NAPA, Cal., Oct. 14.—Martin Joyce was arrested yesterday charged with stealing fifteen horses from the range of William Bibler, near Lakeville, Sonoma county. The horses were valued at $3000. Joyce had disposed of several of the horses to parties in this county.

**Judgment Against Cannon's Bonds men.**

SALT LAKE CITY, Oct. 14.—Judgment was given in the Third District Court yesterday against H. L. Eldridge and Frank Armstrong for $10,000 each on two bonds for the appearance of George Q. Cannon in last March, when Cannon ran away and forfeited his bail.

**A Wife Murderer Lynched.**

MONTICELLO, Ill., Oct. 14.—This morning about two hundred disguised men overpowered the sheriff, broke into the jail, took Henry Wiedman, the wife-murderer, and hanged him to a tree near the jail. After hanging him they shot him eleven times, to make sure work.

**Tramps to Be Hanged.**

VICTORIA, B. C., Oct. 14.—Derose, Connelly and Maxwell, three tramps, who murdered one Dillman, near Lytton, were convicted of murder, to-day, and sentenced to be hanged on the 24th of November. The crime was committed to obtain $7.50 from Dillman, who was a railway hand.

**Geronimo to Go to Florida.**

WASHINGTON, Oct. 14.—Although no formal order to that effect has been issued, the impression prevails at the War Department that Geronimo and his fellow captives will shortly be removed from San Antonio, Tex., to Fort Marion, Fla.

**Blaine Goes to Pennsylvania.**

AUGUSTA, ME., Oct. 14.—Blaine left to-day for Pennsylvania.

**Smashed a Window.**

About 11 o'clock last night a man, evidently on mischief bent, smashed the window of Merrill's book and notion store on First street near Spring. The noise of the shattered glass attracted the attention of a gentleman on the street and of the merchants' patrol. The window-smasher walked rapidly down First street to Fort and then took down that thoroughfare in a run, making good his escape.

**A High-toned Drunk.**

Officer Little picked up a man out of the gutter on Main street about 2 o'clock this morning, and "toted" him down to the calaboose with great labor. The man was respectably dressed, and had in his pocket a bank book, which showed that he had $2000 on deposit in one of the city banks. Those two about of it in under 14 hours.

## MEXICAN ANARCHY.

### The Government Wrestling With Revolution

**TWENTY INSURGENTS SUMMARILY SHOT.**

**A Report that Minister Rubio has Been Kidnapped by Bandits—Noted Train Robbers Shot.**

*Associated Press Dispatches to the Times.*

EL PASO, Oct. 14.—Startling rumors are afloat here to the effect that the Mexican government is again struggling to suppress the insurrectionary movement. A Mexican official said this afternoon that he had positive information that over twenty persons had just been shot at Fresnillo, a town in the State of Zacatecas by order of the Mexican government. The officer also said that he had heard a rumor that Romero Rubio, Minister of the Interior and father-in-law of President Diaz, had disappeared while out riding in the suburbs of the City of Mexico and that he was supposed to have been kidnapped by insurgents.

THE STORY DOUBTED.

GALVESTON, Oct. 14.—The Associated Press reporter cabled an inquiry to the City of Mexico this evening, asking about the assassination of ex-President Gonzales at Guadalajara. A reply was received stating that nothing was known there about the matter and the story is not credited.

MEXICAN JUSTICE.

LAREDO, Tex., Oct. 14.—It is reported here to-night that two Mexican prisoners, who were found on trial to be members of the band of outlaws who perpetrated the celebrated robbery on the Mexican National Railroad three years ago, were executed at a point below, near the scene of the robbery. When the officers left here with the prisoners they declared that they were taking them to Monterey.

**Dr. Bird's House Burned.**

The residence of Dr. O B. Bird, Boyle Heights, was burned, between 1 and 2 o'clock yesterday morning. The Doctor is away, having taken the remains of his recently deceased wife East for burial. It is thought that the fire was caused by a couple of tramps, who had stolen a lodging in the house. The building was valued at $500 or $600, and, with its contents, was entirely consumed. Whether there was any insurance is not known.

**Bartlett as a K. N.**

San Diego Union.]

Washington Bartlett was a chief in a Knownothing lodge, the editor and proprietor of a Knownothing paper, a voter in the Knownothing party. If these facts were true of John F. Swift, which they are not, there would be frequent and vehement mention of them in the columns of our Democratic contemporaries.

THE long-expected car-load of machinery and type for the TIMES and MIRROR arrived yesterday. It was delayed considerably by the blockade in Cajon Pass.

THE gamblers ought to be obliged to move on. And, by the way, aren't they getting a rather strong hold in the city again?

MRS. CLARA F. FOLIE is stumping it for the Democracy up country. As she claims to do nothing except under the immediate guidance of the spirits, we are to conclude that the spooks have arrayed themselves on the side of Bartlett. That is all right. Mr. Swift is willing to put up with the support of plain flesh-and-blood people.

A REPORTER of the Riverside Press was read out of a Republican meeting up there the other day, because the Press is off color politically. The Riverside Republicans must be thin-skinned. Down here the reporters of the opposition and independent press are invited to the highest seats in the synagogue, and are sometimes given a chromo and a box of scidlitz powders besides. Whatever may be the shortcomings of Los Angeles, she treats her reporters well.

A GOOD many people in Los Angeles remember that the Ahkoond of Swat was waylaid in the small hours of the morning, some months ago, and knocked down and seriously bruised on the left arm. He carried his arm in a sling for a week or ten days thereafter. There was a good deal of mystery surrounding the little catastrophe at the time, and the identity of the man who struck the robust and virile Ahkoond could not be found out. It has since developed. His name is John Barleycorn.

THE pestilent brass band appears to have acquired such a hold on the affections of Southern California that even a silver tongued orator like Editor Lyleb, of Los Angeles, is unable to compete with it. On Saturday night, at San Luis Obispo, Mr. Lyleb's crowd was all drawn away by the regular weekly concert of the local band, and the candidate had to follow it. The southern district should be represented in Congress by a second trombone.—[San Francisco Post.

The southern district will not be represented in Congress by a second Riddle, nor by the Ahkoond of Swat. It will be represented by Gen. William Vandever, who is going to be elected—"and don't you forget it!"

"YOU should not be so hard on the boys," says an apologist for the gamblers. "It's their way of making a living." Exactly. But what's the matter with a little honest work? A gambler is about in the pale of the law and ranks in the same category as a vagrant or a safe-cracker. How would it do to make an appeal in behalf of the fraternity of house-breakers and urge the authorities not to be too hard on them, because it's their way of making a living? Let the gamblers seek some legitimate pursuit, and at the Sixth Agricultural Association hang up for Eddie.

## OUR NEIGHBORS.

### What They are Doing all Along the Line.

### MANY LETTERS FROM MANY PLACES.

**Santa Ana, Compton, Wilmington, Orange, La Puente, Glendale, Beaumont and Other Towns and Settlements.**

An unusually heavy budget of neighborhood correspondence reaches the TIMES to-day, to which we surrender large space. While acknowledging the favors of correspondents, we must again remind them of the strong necessity of brevity. Frequently the letters sent in can be condensed one-half or more to advantage. Every correspondent is asked to practice condensation as a rule, and so give the others a chance. The maximum of news expressed in the minimum of words is the object to be aimed at.

### SANTA ANA.

POLITICS AND BUSINESS.

Correspondence of the TIMES.]

SANTA ANA, Oct. 13.—The nights are unusually cool. Raisin making is retarded thereby. There is some complaint that the grapes are rotting a good deal, owing to the cool weather; this is especially true on the low lands.

Last night the Republican candidates and others spoke to a large crowd of people from a platform in front of the Santa Ana hotel. The shortcomings of the Democratic officials were set forth in very emphatic language, also the virtue of the Republican officials. One speaker spoke with unstinted praise of the objectionable candidate on the State ticket. The remarks of this speaker were not loudly cheered just at that particular place in his speech. The people down this way are anxiously awaiting that suit that is reported as being instituted against the DAILY TIMES for libel. Hurry it up so that we may be able to vote intelligently. [The TIMES is ready, but the prosecution is backward about coming forward.—ED.] The Democrats present their case to night and doubtless the cards will be turned on the Republicans.

The street railway is rapidly approaching completion. It is expected that cars will be running by November 1st.

The boom in building and in the sale of real estate continues to increase day by day. Several large tracts have been recently divided up into good sized lots and are selling rapidly. If gas and a street railway can cause such a boom, who can predict the result when we have another railroad through our valley, a railroad to Newport and a palace hotel? All these are possibilities in the near future. Very many strangers are in our midst looking for homes. Even Los Angeles men are buying property here.

Mrs. G. W. Hawkins died at Pomona on the 13th inst., and was buried here yesterday, the 12. She has been a sufferer for some time from consumption and went away hoping to get relief.

Mechanics and other laborers are in great demand owing to the great amount of house and railroad building and the demand for labor upon ranches.

The weather begins to moderate and the outlook is more hopeful for the raisin industry. NEWTON.

### ONTARIO.

BRIDGED BY STRIKERS.

Correspondence of the TIMES.]

ONTARIO, Oct. 14.—Ontario is simply besieged with strangers, and every day people who come to regain lost health in our high altitude and the pure, bracing air, are obliged to leave because of difficulty in finding suitable quarters. Our excellent hotels are full to overflowing, as is also the first-class lodging house in the brick block, and although the hotel accommodation is to be nearly doubled in a few weeks, still there is ample room for further enlargement. If some capitalist would put up a number of nice, neat little cottages they would be snapped up at high rates before they were finished. There can be no safer investment anywhere, and a considerable number of neat cottages would pay their owner from 20 to 30 per cent right along. One day this week nearly a carload of people dropped down upon the model colony in a bunch. They came direct from Kansas to this point, the fame of Ontario having reached them in their distant homes. Having heard a great deal of the famous colony, their expectations were high, but they say they have been realized fully a hundred times over, and such being the case, now what will they think, when Ontario takes on her beautiful winter garb? That they will be enchanted then, goes without saying.

Dr. Black of Halifax, Nova Scotia, who arrived here with his family last week, has purchased a beautiful tract at Twenty-fourth street, on the mesa. The Doctor, who is one of the prominent citizens of Halifax, is preparing for the erection of a suitable residence, and expects to be in his own domicile in the course of six weeks or so, where, dwelling under the very shadow of the mountain, he will have before him one of the grandest scenes in California. Ontario's attractions are such that she is constantly drawing within her bounds people of the highest culture and refinement.

Mr. and Mrs. Postill reached here from the far East something over a week ago. They visited Los Angeles and other places, and then returned and purchased a lot on Euclid avenue, where material is already being gathered for the erection of a dwelling.

Five or six Republican candidates were here on Tuesday in the interest of themselves and others on the Republican ticket. In the evening they held a meeting at Rose's Hall and addressed the electors upon the points at issue. L. B. Dyer, the Republican candidate for Supervisor for this district, is one of our most popular citizens, and will receive the votes of Democrats as well as those of his own party. His election may be taken as a foregone conclusion, and that he will perform the functions of the office with scrupulous fairness and impartiality no one who knowahim entertains the slightest doubt.

There will be a great deal of scratching done here on the State ticket, and the votes polled for the candidate for Secretary of State will be few and far between. If the present candidate is wise he will retire and allow some one to be substituted for whom men of honesty, intelligence and morality can vote without doing violence to their manhood. The revelations of the TIMES were so astounding that no one could scarcely conceive of their being true, but as no explicit denial has been made, the conclusion is forced upon all candid minds that none can be made. And if true, the guilty party should be buried on the 2d of November beyond hope of political resurrection.

Mr. Inwood, the new Methodist minister, is exceedingly popular with the congregation. The services have been crowded since his arrival.

Railway business is lively, both passenger and freight. Last month the receipts of inbound freight were within a fraction of $2000. Add to this outbound freight and passenger tickets and you have a business that would make an excellent showing for a place twice as large and three or four times as old. The model colony is growing at an astonishing rate.

There was a wedding in town on Wednesday, the contracting parties being Mr. Minor, from Wisconsin, and Miss Morgan, of this place.

Mr. Oakley, Sr., has opened out a fine boot and shoe store.

Pipe laying is progressing as rapidly as the men can make the "joints" and get them in the trenches, and the contractor is employing a large gang.

### BEAUMONT.

PROSPECTS OF THE NEW SETTLEMENT.

Correspondence of the TIMES.]

BEAUMONT, Oct. 14.—Your appreciated and newsy paper comes to us daily, bearing items of interest to our colonists, who come from all parts of the Union east of our own highly-favored California. The colony of Beaumont, formerly San Gorgonio station, is located on the Southern Pacific railroad, eighty miles east of the City of the Angels, and is certainly beautifully located, although in its infancy. Its future is bright and flattering, and will, without doubt, develop into a large, prosperous and thriving town ere many months pass. The natural resources of this colony are very good; possessed of abundant acres, which have been subdivided into building lots—plats of from one to twenty acres—excellent water, bright and sparkling from mountain streams, of the best quality and unlimited quantity, with a pure, dry atmosphere where malaria never gains a foothold and is totally unknown, as your correspondents usually say, to the oldest inhabitant, make this a veritable haven of rest. The Southern California Investment Company, of which H. C. Bigler and P. H. Lowell, both gentlemen well known in your business circles, are respectively president and secretary, are the owners of these valuable colony lands, lots, etc. Through the energy of this company, many desirable persons and families are locating here, buildings are rapidly going up, and on every hand one sees the evidence of life and vitality. To the health-seeker, Beaumont offers inducements equaled by few other places: fogs are rarely seen, and the high altitude, with the soft, mellow sunshine, make it indeed a sanitarium, and the invalid's home. Business opportunities are numerous. A brick yard and lumber yard have been established, offering every convenience in price and material to the builder. A planing mill has also been decided upon. Beaumont is booming, and is a desirable place to locate, whether the object be health or wealth. A fine hotel, to be surrounded by a beautiful park, is now being contracted for, and will be commenced at once. Your correspondent, lately from the East, after thorough investigation, has cast his lot in Beaumont.

HEALTH-SEEKER.

### ORANGE.

NOTES FROM THE GROVES.

Correspondence of the TIMES.]

ORANGE, Oct. 14.—Business in every form seems to be increasing rapidly, not only in this place, but all over the valley.

The Baptist revival meetings still continue, and are held in the Tabernacle as heretofore.

Dr. Wood has moved his drug store back into line with the other buildings on that street, and now a good cement sidewalk would finish the whole handsomely.

The rooms made vacant when D. F. Pixley removed his general merchandise store to his new brick building have already been taken, and are opened as a grocery.

The Modena social club, with varied success as to attendance and interest, has, during the summer months, kept on the even tenor of its way, but will now, as the evenings are getting long, be infused with new life and interest for the coming season.

The Chinese employés of McPherson Bros. camp in a little town of their own, made of tents, not far from the packing-house of the company.

The grand Democratic rally at Orange on Wednesday evening was very thinly attended, and must have been very discouraging to the candidates, who exhausted by their display of oratorical powers to win many friends and votes to their cause, but "such is life," especially in politics. A.

### LA PUENTE.

"HARD TACK'S" RATIONS.

Correspondence of the TIMES.]

LA PUENTE, Oct. 14.—Our town is looming up amazingly fast of late.

Mr. Pombo has about finished his stone building. J. Deitzler's building is nearing completion, also. We have another new house lately erected in town.

The "haythen" Chinaman has at last struck our quiet little burg, and is being liberally patronized.

Mr. Sias, late from Montana, is furnishing the Rowland Hotel, which will open up, next week, with a grand ball.

Frank Bayges is the worst rushed man in town, trying to supply his customers with lumber.

A Barg, our blacksmith, is doing a large business.

The oldest boy of Johnnie Forbes was yesterday run over by Harry Carroll's express wagon, and sustained a fracture of the left arm. He is now getting on nicely.

Messrs. Humphrey & Bullock lost about seventy-five tons of hay by fire last Sunday. No insurance.

W. B. Rowland & Company's oil wells are panning out finely.

Miss Ellis, the teacher, has a well attended school, but either the schoolhouse or the sheep camp should be moved, so as to put them some distance apart.

Allison & Son, carpenters, will soon complete the new house on T. Rhodes's ranch, adjoining the railroad, which will be occupied by Otis Hiddin on the return of his wife.

The health of the community is generally good. We have not even a political epidemic here among us. The people say they are going to keep quiet and scratch and then vote.

HARD TACK.

### WILMINGTON.

OUR CANDIDATES AT WILMINGTON—ENTHUSIASTIC MEETING — WILMINGTON SOLID FOR THE REPUBLICAN TICKET.

Correspondence of the TIMES.]

WILMINGTON, Oct. 13.—A large and enthusiastic gathering of ladies and gentlemen met at Wilmington Hall this evening to listen to the appointed speakers. Mr. Bailey, our genial station agent, was the chairman of the evening, and presided with grace and efficiency. Col. Edwards was the first speaker. He first alluded to national questions, criticising the Democratic party in Congress on the mongolian question, and the matter of appropriations, and then proceeded to a clear and comprehensive exposition of our State and county affairs, explained how our taxes came to be increased, and his position on the irrigation question. He concluded with a reference to his services to the county, and pledged himself to carry out to the extent of his ability, if elected, in the Senate what he had begun in the House of Representatives.

Mr. El Hammond made a short and pithy address, humorously introducing himself, and referring to his record, giving the amounts of money himself and assistants had handled, and pledging himself to do his best, if re-elected.

The third speaker was Mr. Mason, candidate for Assessor, who in a few modest and well-chosen words, pledged himself to do his duty if elected. Mr. Mason made a very favorable impression.

The next speaker was our Gen. John B. Brierly, who was most enthusiastically cheered, and who made a fine speech. He began with reference to twenty-six years ago, when he first came to the county, and touched upon the changed conditions of now and then. He took up the matter of harbor appropriations, and told how we were indebted to the Republican party for the most of them. He complimented Col. Markham on his successful efforts for us, and also paid a most graceful and well-merited compliment to our ex-Supervisor, George Hinds, who, though a Democrat, had acted most intelligently and liberally in harmony with our Republican Supervisors in the matter of county roads and other improvements. The General also touched upon his pet hobby, our public schools, and concluded with a statement of what he could be reasonably expected to do for us, in case he is elected to the Assembly.

The last speaker from abroad was Judge De Puy, who made a most eloquent and stirring address, to which no synopsis of ours can do justice. His arraignment of the Democratic party for its shortcomings and sins was so terrible as it is true, and his eulogy upon the Republican party and Blaine was an eloquent as it was beautiful and convincing. He gave the tariff an unanswerable defense, and closed with a most apt and pleasant allusion to each of our most prominent State and county candidates for office, and adjured us all to vote the ticket straight as printed.

Judge Johnson, our fellow citizen and justice of the peace, was then called upon, who, excusing himself from making a speech, yet gave us some very interesting remarks, and he was most enthusiastically received and cheered. He stated that he was an old '49er, and that he came to Wilmington (or rather San Pedro, as Wilmington was not then) when the late General Banning and Don David Alexander, with himself, were the only Republicans. Now, Wilmington was a Republican stronghold, and could always be counted upon for a handsome Republican vote. He concluded with a happy allusion to Blaine, which drew out great applause from the audience.

At the conclusion of Judge Johnson's remarks, the meeting dispersed with three rousing cheers for James G. Blaine, our next President.

ENTERTAINMENT.

WILMINGTON, Oct. 14.—At the entertainment given by the ladies of the Episcopal church, last Friday evening, at Wilmington Hall, the following attractive programme was well rendered:

Duett, from Pleyel, piano and violin—Mrs. Linsley and Alfred Oman.
"Baby Lullaby"—Miss Carrie Polhamus.
Duett, "Woodland Song"—Mrs. Montrop and Miss Russell.
Recitation—Miss Lena Polhamus.
Duett, guitars—Prof. Arevelo and Miss Mabel McFarland.
Song, "My Queen"—Miss Russell.
Trio, piano, guitar and violin—Mrs. Linsley and Messrs. Arevelo and Oman.
Duett—Misses Jargstorf and Polhamus.
Recitation—Miss Lena Polhamus.
Tamborine dance—Miss Carrie Polhamus.
Duett, guitars—Prof Arevelo and Miss McFarland.
Solo, "I Know that my Redeemer Liveth"—by Mrs. Dr. McFarland.

The dedication of the Catholic church is to take place next Sunday, the 17th, and not the 29th, as we inadvertently stated last week.

Some of our people "took in" the circus last Monday, and a few are attending the fair. SUB.

### GLENDALE.

EL PAIS DEL OF NOMBRES MUCHOS—POINTS FROM THE PLACE.

Correspondence of the TIMES.]

GLENDALE, Oct. 13.—The Glendale Improvement Association held another meeting at the schoolhouse last Monday evening. The association is now established on a permanent basis, with the following officers:

President—E. T. Byram.
Vice President—I. N. Chippenger.
Treasurer—H. N. Jarvis.
Secretary—J. O. Sherer.

It is proposed to take hold of all matters concerning the general welfare of this section and push them into a satisfactory condition.

There have been several drawbacks to the development of that portion of the San Rafael ranch, comprising Glendale, Verdugo and Republicanos, the effect of which the association above mentioned hopes to overcome.

Not the least of these, perhaps, is the execrable condition of the road leading out of Los Angeles. Your correspondent lately drove over a hundred miles of road in the southern part of the county, and found none of it so infernally and inexcusably bad as that portion of the San Fernando road between the mouth of the Arroyo Seco and the city limits—a stretch of two miles. The members of the City Council when last interviewed upon the subject expressed themselves as being fully aware of the necessity for an improvement in the condition of this road, and have promised to see that it is accomplished. The citizens of this section propose to see that they don't "forget" it. The county road outside of and north of the city limits, also need more attention on the part of the Board of Supervisors than they have hitherto received. The question has been asked, how it is, that the Supervisors can get money to gravel the San Gabriel road at the rate of 25 cents per foot, but could not, when applied to, afford to spend $75 on a piece of new grading on the road leading to Verdugo, a necessary but comparatively inexpensive piece of work which is required to make that road passable when muddy. *Quien sabe?*

The trouble experienced in getting a proper name for the settlement which would be acceptable to the postoffice department and to the citizens of this section also, has been very vexatious. The first name given it was "Riverdale," but the postoffice department refused to accept that, then "Glendale" was tried, with no better success as far as the department was concerned, although the people took kindly to it. Then "Edendale" was inflicted upon the hopeful infant, which immediately began to pine away in consequence of this aesthetic nomenclature, which had to be abandoned after a brief season. Then one of our "reform" President's brand new clerks condescendingly informed the petitioners for a postoffice that it was granted to them under the name of "Mason," and so it stands, a tribute, doubtless, to the unsavory partner of Slidell. Nobody calls the place "Mason," so the injury has not been serious as yet, the citizens clinging fondly to "Glendale."

The action of the City Council in finally deciding upon the erection of the bridge at Buena Vista street river crossing, is fully appreciated by the citizens of this section, who are but a small portion of the country residents who will be benefited by this structure. The next thing we want is a bridge over the Arroyo Seco near its mouth, as that stream is fully as dangerous to cross at high water as the Los Angeles river. Steps are being taken to agitate the question and finally accomplish the object. Another public enterprise, in which a number of Los Angeles capitalists are interested, and which will tend to bring this section into public notice, is on the tapis, and will be dealt with by your correspondent in a future letter.

The productive capacity of the soil of this section is evidenced by exceptionally good crops of corn, pumpkins and roots this season. It is an off year for some varieties of fruit which usually do well here (pears and grapes, for instance,) but we have seen fine specimens lately which challenge comparison. The exhibit from Verdugo at the District Fair, comprising sweet potatoes, melons, Lima beans, apples, pears, peaches, beets, etc., all of which were grown without irrigation, shows the possibilities of Glendale and vicinity.

The San Rafael rancho has an undisputed and valuable water right to the waters of Verdugo Cañon. The water is piped over the tract and stored in five or six reservoirs, but many of the settlers, although having an abundance of water at their command, are disposed to profit by the mistakes of other communities (where the fruit is spoiled by being water soaked, and the vegetables, although gigantic, are tasteless), and, by thorough cultivation, render irrigation unnecessary, except for a very limited number of products. The success they have met with astonishes those who have long cherished the idea that "nothing grows in California without irrigation." J. O. S.

### COMPTON.

POINTS FROM C. A. M.

Correspondence of the TIMES.]

COMPTON, Oct. 13.—Although we are making no great fuss about it, our section is still moving on all the same.

J. Y. Moody & Son have purchased the general merchandise business of M. N. Newmark, and taken possession.

It is understood that Mr. Newmark will deal in grain exclusively hereafter.

O. K. Carpenter has returned from a six months' visit to the East.

John Malcomb has been compelled, on account of increase in business, to have additions built on, so as to give room for stock.

Mr. Harris, construction boss for this section on the Southern Pacific Railroad, has purchased of Mr. Kelsea a town lot, moved a house thereon, and is otherwise improving for a home.

Mr. Hankins has taken unto himself a wife, and is making considerable improvement on his dwelling.

William Carpenter is erecting a barn on his home place in town—size, 40x70 feet, and intends to build a new house this fall.

George Rogers has moved into his new house on Almond street.

B. Bowser has purchased twelve acres of land from V. H. Keller, about two and a half miles northwest of town, paying $45 per acre for the same.

The District Conference of the M. E. Church is in session here now and is well attended. The conference closes to-night, but it is the intention of their pastor, Rev. Mr. Wenn, to continue a series of meetings for some time.

On the evening of the 12th inst. Wm. Culver and Eva Stevens were united in wedlock, and the key was turned by Rev. T. E Robinson. This makes three weddings within the past month, and a prospect for more to follow right away, if not sooner.

L. Walter, our courteous railroad agent, has returned from Stockton. He is happy, and sings "'Tis Nice to be a Father, and "The Baby Boy is a Beauty."

Last Monday J. Moody, after watering his horse, turned it loose, and as the horse passed him it playfully kicked, striking Mr. Moody on the forehead, cutting an ugly gash.

We had frost in streaks throughout this section for the past three nights.

George Welch is at his father's house, very low with typhoid fever.

Mr. Watros, who is aged and feeble, is now quite ill. G. A. M.

## LETTERS FROM THE PEOPLE.

[This is the TIMES-MIRROR'S Public Forum. Those who would stand thereon must first give full address their real names and be responsible for their opinions and statements. Cultivate brevity, clearness of style and timeliness; write plainly and on live topics, and use one side of the sheet only. Every contribution received by the editor is patiently and impartially considered, but we do not, of course undertake to print everything sent us.]

### A Burlesque.

*To the Editor of the Times*—SIR: Allow me to congratulate the TIMES upon the candid way in which that paper has spoken out in regard to that burlesque on an Agricultural Association, now in progress in this city. For instance, note the position and space allotted at the Park to agricultural implements, a thing farmers are interested in, and the space set aside for favorite gaming or gambling tables!

Many of the stockholders, I learn, are loud in their denunciation of the way things are managed by a board of directors appointed without their voice, and in the interest of the sporting fraternity. A LOOKER-ON.

### That "Costly Humbug" Again.

*To the Editor of the Times*—SIR: As a taxpayer and horticulturist—I heartily endorse what "Angelus" says in Wednesday's TIMES concerning that "costly humbug," the Horticultural Commission, so-called, and their army of inspectors. It is about time for the taxpayers to begin to look into this matter of expense and useless waste of the people's money.

This so-called Horticultural Commission have caused hundreds of beautiful orange and lemon trees to be either dug up or killed by means of their unskilled experiments in spraying. They have drawn their salary with regularity, but have found no remedy for the white scale, and yet *illegally* annoy or compel, by threats of arrest—under the shadow of their authority—fruit raisers to spend large sums of money in a way which the intelligent orchardist feels and knows that, to all practical purposes, he is throwing away his money.

As a matter of fact, while scale bugs are plenty, and as lively as ever, we say tols with all due respect to the host of city and county inspectors.

I hope the taxpayers will speak out in tones so loud that our Board of Supervisors will hear and know that the taxpayers have no further use for that "costly humbug," the Horticultural Commission. TAXPAYER.

### A Growl About That License.

*To the Editor of the Times*—SIR: I presume our City Council think that the people of Los Angeles approve of their charging $500 license for a circus; but I don't think those who occupied reserved seats will approve of such high license when they are informed that they were charged double the usual price for their seats in order to make up for such a high license. The result was that these people paid the $500 license and not Sells Bros. In fact, Sells Bros. are a few hundred dollars ahead by the operation. P. K. W.

## FINANCE AND TRADE.

OFFICE OF THE TIMES,
LOS ANGELES, Thursday, Oct. 14.

Advices from abroad report a better demand for Wheat and Corn to-day. Barley was quiet in Chicago, and in San Francisco it is reported firm, the best Feed being quoted there at 96½c.

The Chicago market for California Fruits is summed up in the following:

SAN FRANCISCO, Oct. 14.—The Call's Chicago special says: "In the Fruit market Muscats in 40-pound crates are selling at $2 25@3 00, as to quality and condition, and Tokays at $2 50@3 00. Pears are scarce and in good demand at $2 50@3 50 per box, as to variety. The receipts of home-grown Grapes have been very large, which undoubtedly has some effect in depreciating prices for California Grapes. Dried Fruits remain steady and firm."

### Stocks and Bonds.

*By Telegraph to The Times.*

NEW YORK, Oct. 14.—Government bonds dull.

There was very little news to affect values in the stock market, the further engagement of $250,000 in gold for shipment to this country, and late return of the strikers on the New York, Pennsylvania and Ohio being the only news of special importance. The market, however, continued to advance beyond yesterday, and before the movement was checked a material advance over last night's figures had been recorded. Changes were comparatively quiet, and presented no feature of interest, which is attributed to lack of telegraphic communication with Chicago. The grain market during the afternoon was rather heavy but recovered its tone shortly before the close. After the first half hour the market became steady, and so continued until nearly noon, when a rather heavy tone prevailed until just previous to the close, when the list rallied and closed steady to firm, close to the best prices of the day.

Money on call, easy per cent., closing at one per cent.

## THE FAIR.

### Large Attendance at the Races Yesterday.

### A SUCCESSFUL LADIES' TOURNAMENT.

The Pavilion and its Exhibits—The Games in the Park—A Good Day For the Gamblers.

The attendance at the races yesterday afternoon was fully twice as large as on the day previous. This made it much more pleasant, not only for the managers but also for the pool-sellers and the gamblers, whose profits were correspondingly large. The wheel of fortune had been removed a little closer to the main entrance so that it might receive more attention. The crowds around the games were large all the afternoon, and no small amount of money was planked down on the tables. The cappers had less work, because the shoal of suckers was much larger. Notwithstanding the money that was lost, there was very little "squealing" by the victims. But it can be truthfully said that the games divided the attention and interest of the crowd with the races. One good thing was done, and that is no "loud" female characters were admitted into the enclosure by the judge's stand.

THE RACES.

The first was a trotting race, 2:30 class, purse $500, three in five. B. G. Bice entered the bay gelding Hunter, aged; J. H. Kelly entered the bay gelding Valentine, aged. Valentine won the first heat in 2:25¼. The pool was $10 40.

The second heat was won by Valentine in 2:30. Hunter's sulky broke, and he barely got in. Pool, $8 50.

Valentine won the third heat in 2:30. These heats were not at all exciting. There was no pool on this heat.

The running race of a mile and a quarter dash was run by O. M. Covarrubias's sorrel gelding Galgo, B. D. Bridge's bay stallion Dublin Bay, S. B. Stroud's bay stallion Jim Polk, and Hill & Gries's bay filly Allie Hill. Galgo and Dublin Bay went under the wire together, and Galgo was given the heat. Time, 2:13. Pool, $23 50.

In the ladies' tournament there participated Miss Sarah and Miss Mary Baker, of York; Miss Ruby Rice, of San Pedro; Miss Lottie D Cartis, of Lamanda Park, and Miss Lillie M. Small, of Los Angeles. The young ladies rode in turn and gave evidence of their skill in horsemanship. Miss Sarah Baker, of Norwalk, rode a bay horse of A. Lugo, with a Mexican bit in his mouth. She managed him to perfection, and showed herself to be a first-class rider. She was given the first prize of $50 for the best riding. Miss Curtis was given $25 for the second best, Miss Mary Baker was given $15 for the third best, and Miss Rice $10 for the fourth best. Miss Small received the ten-dollar cane-whip for the best juvenile riding.

The last race was a running mile dash for two year-olds. A. J. Hutchinson entered Manzanita. Al. Moran entered Carmelita, Charles Thomas entered David Copperfield. The race was won by Carmelita.

### AT THE PAVILION.

Another Hasty Glance at the Exhibits.

The attendance at the Pavilion (Turnverein Hall) was better yesterday than on the preceding days. In the evening, especially the assemblage was quite brilliant. The military band discovered sweet music and the refreshment tables were well patronized.

J. Harry Conlan's miniature parlor is a decided center of attraction.

The California positive and negative family medicines are well advertised.

The Davis sewing machine people show a gorgeous display of fancy stitching done on their machines.

O. and L. Garnier exhibit in a glass case a fleece of wool from a French Merino ram two years old. The fleece is of twelve months' growth and weighs 62 lbs. It is very fine.

Cook & Wiseman make a good exhibit of blank books.

E. M. Hamilton's display of pottery excels all of his previous efforts and forms one of the most attractive features of the fair.

Henry Bohrmann, cabinet-maker, exhibits a number of wood and tile mantels, which are simply superb. This gentleman is doing a thriving business in his line.

Cheese is exhibited from the Los Bolsas factory and the Alamitos dairy.

Neidt & Co. make an exhibit of soap washes and scale bugs.

The Bessemer fire extinguisher is on sightly brackets distributed through the hall.

The French tannery makes a most creditable display of leathers.

Hood's Sasaparilla cuts a prominent figure in one of the corner booths in the rear hall. Chromos, placques, almanacs and receipe books are distributed *ad lit.*

The premium machines, offered with the TIMES and MIRROR, occupy a booth in the rear hall. The TIMES machines are in charge of G. E. Spencer, who shows them off to great advantage.

Good exhibits of honey are made by C. N. Wilson and W. W. Bliss.

There are representatives of trees and plants from the nurseries of Garey and Grelck.

Fruhling Bros. make a striking exhibit of iron works.

Peck & Buggles show the most elaborate and elegant refrigerator chests.

Northcraft's & Clark make a first-class exhibit of stoves.

The candy men, Gardiner and Meyers Bros., are out in full force.

The glazed, crystallized and preserved fruits and candies of the Barnard & Bendict Company attract universal attention.

Joel B. Parker, of Orange, shows some fine evaporated apricots.

The glazed and crystallized fruits of Mrs. R. Schanz are quite attractive.

The exhibit of Downey in the way of fresh fruits and farm products goes far towards redeeming the fair as an agricultural institution.

## RAILROAD NEWS.

The San Gabriel Valley Line Extended to Monrovia.

The San Gabriel Valley railroad reached Monrovia (nineteen miles from Los Angeles) with its track yesterday, and that station will be opened for freight and passenger business about Saturday next. The road will be extended to Duarte as soon as possible.

The tourist excursion, so popular last season, covering combined rail and carriage ride through Pasadena, Rose's and Santa Anita, will be re-established for the winter about November 1st, and contemporaneous with the opening of the Raymond hotel.

The elegant new station at Raymond is just completed and will be opened very shortly for passenger business. The opening of the great hotel will make it a lively point on the road.

Plans for a very fine station at South Pasadena are now in preparation, and it is expected that the co-operation of the people will insure a very attractive building. Quite an emulation has arisen between the towns along the line to secure fine buildings, which will result in a permanent attractiveness and variety in this respect not approached by any other road in the country with the same length of line.

Refused the "Comps."

Mayor Spence refused complimentary tickets to Sells Bro's. show on the ground that "we were charging them license enough without taking complimentary tickets." He added that there were four in his family and he was going to take them to the show, but he should pay for their tickets. Mrs. Sells, in speaking of it remarked "We ought to secure him for an attraction as the one Mayor who refused complimentary tickets. That is something that never happened before in all our travels."

## THE COLORED PEOPLE.

Many Hard and Unnecessary Expenses Reported against.

The Colored Republican Club met in Manufacturers' Hall, last night, and was called to order by the President, James W. Marsella.

The first speaker was Horatio Marteen. He said the colored men reason and think for themselves, and do not march blindly to the polls, as the Democrats suppose, who used to have a lien upon them as chattels. The colored people are free to help decide who shall be their public servants. The vote intelligently. But which ticket of those presented by the many parties shall I vote? A lawyer, in court, said to the judge that there were a hundred reasons why the case should not come to trial.

"Name them," said the judge. "Well," said the lawyer, "the first reason is that he is dead." "Stop," said the judge, "that one is enough." So it is when I pick up the Democratic ticket. It is enough that it is Democratic, for me not to vote it. Here is the Republican ticket. I have examined it carefully. I have looked at its candidates, and can indorse them all.

A. M. Thornton said he is a candidate for the office of township justice. He had heard it said that the more a candidate talked the less votes he would make, and as he wants all their votes he would say little. His record in this city is made, and on it he appeals for election. If elected he would do nothing prejudicial to the interests of the colored people.

J. E. Brierly said that fifty years ago, in his old home in New England, when a little boy, he saw a seal in which was engraved an African in chains with the motto, "Am I not a man as well as my brother?" The Republican party gave the colored people the right to say "I am a man and brother." Such Republicans as Lincoln and Grant helped to give such rights. When his father, who was born in England, came to California, he found two parties—the Democrats and the Know-nothings. He had to make his choice. He said: "If I vote the Democratic ticket I shall be disgraced. If I vote the Know-nothing ticket I may be nothing more than disfranchised." So he took his chances, and voted the Knownothing ticket.

J. J. A. Soares said it had not been many years ago when their relatives and children were torn from their sides and sent they knew not where. The Republican party had been a kind father to the colored people, and it would be ingratitude to desert them. W. C. Hendricks, the Democratic candidate for Secretary of State, is the nephew of old Thomas Hendricks, the biggest copperhead that ever lived. He then referred to the episode of A. B. Turner's career during the Blaine campaign in 1884. Turner was defeated by the speaker as a delegate to the Republican County Convention in 1884. Then Turner went over to the Democrats, and Jack Gaffey gave him one dollar to write up some resolutions against Blaine, which Gaffey took to the Herald office, and they were published in that paper the next morning. That same Turner is now serving out a term in the chain gang in San Diego for drunkenness. [Laughter.] He urged his people to vote the entire Republican ticket.

A glee-club of seven fine voices then rendered, "It Lives Forever," and were rapturously applauded.

T. J. Depuy made one of his customary speeches. He advised the colored people not to vote with the sons of men who held the lash above their fathers.

The glee club sang a campaign song, and for encore gave "The Old Oaken Bucket."

R. W. Stewart (colored) said he never saw a colored man who is a Democrat from principle. They are Republicans, because the Republican party emancipated the colored people. He was born and raised a slave, away back in the blue grass regions, and saw hard times [Laughter]. "There I saw Negroes sold on blocks, like cattle, and I know what a great boon freedom is. Some say they won't vote the Republican ticket, because they have not been able to become spittoon-cleaners. I don't want office—I want liberty. I have just as good muscle as anybody. There is no colored man who is a Democrat from principle." The speaker then recited the story about the Irishman who heard Fred Douglass, and said "if that is what half a nagur can do, what could a whole nagur do?" So in this campaign the colored people can do a great deal.

The glee club sang one of their fine songs, and the meeting adjourned with three cheers for the entire ticket.

The following resolutions were adopted by the meeting:

WHEREAS, The Republican party, since its organization, has always demonstrated and publicly and nobly shown its friendship to the colored race, and, through the exertions of their greatest and brightest leaders, secured to our race the greatest boon that man can enjoy—freedom—and have, ever since that memorable and manly document, the document drawn and issued by the lamented Lincoln, the Emancipation Proclamation, sought to encourage us in our social and educational interests; and,

WHEREAS, We are with them heart and soul in their policy in regard to the government of the greatest nation upon the face of the earth, the United States of America; and feel that in their hands the affairs of the nation and of this State will prosper, as they have always heretofore under their care; now, therefore, be it

*Resolved*, That we do hereby, in meeting assembled, heartily indorse the nominations as made by the State and County conventions of our party, and pledge ourselves to the support of our ticket from top to bottom, believing it to be not only for the best interest of our race, but for the whole people of this State.

By the Executive Committee,

JACOB FOARES, Chairman,
H. OWENS,
ALLEN SMITH,

## BASE BALL.

Victory For the Los Angeles Club Over the Stocktons.

A very fair crowd assembled to see the second game of base ball between the Los Angeles and Stocktons yesterday afternoon. At 2 o'clock game was called, by J. F. Mitchell, the umpire, and Bob Johnson acted as scorer. The Los Angeles club went to the bat, and below will be found the batting order with positions of the two clubs, viz:

| Stocktons | 0 | 1 | 0 | 5 | 0 | 2 | 0 | 2 | 0—10 |

The game was very interesting throughout, quite a number of good plays being made on both sides. Although no double plays were made on either side, several fine running flies were caught by the field forces of both sides. The batting of H. George and George Turner, of the home club, was very good.

Following is the tabulated score, viz.:

| Totals | 14 | 27 | 27 | 13 | 14 | 51 | 12 |

Umpire—J. F. Mitchell.

Scorer—Ben. Johnson.

Fouls caught—Los Angeles, 4; Stocktons, 0. Struck Out—Los Angeles, 5; Stockton, 7. Left on Base—Los Angeles, 7; Stocktons, 6. One-Base Hits—Los Angeles, 13; Stocktons, 10. Two-Base Hits—Raymond, Wood and Bouche. Passed Balls—DePangher, 2; Oreegan, 2. Wild Pitches—Walbridge, 2; J. Mullee, 1. Flies Caught—Los Angeles, 7; Stocktons, 8. The third and last game, to be played next Sunday, promises to be very close. The Los Angeles club desires to send the Stocktons home with a clean score of games won. Besides, the winning club takes all the gate receipts, and it is more to the interest of the home club, in a financial way, to win next Sunday's game than the game of yesterday.

Elsinore Asbestos

Fire Proof Paint!

MADE IN TWO COLORS, BROWN AND Red, ready for the brush. Besides being a fire-proof paint, it is a non-conductor of heat, on account of the large per centage of asbestos it contains, and is therefore a more valuable roof-paint, as it counteracts the heating rays of the sun. One gallon will cover 400 to 500 square feet of rough or smooth boards. Manufactured by J. D. Hoff & Co., Elsinore, Cal.
